Our Clients

PIZZA EXPRESS Live

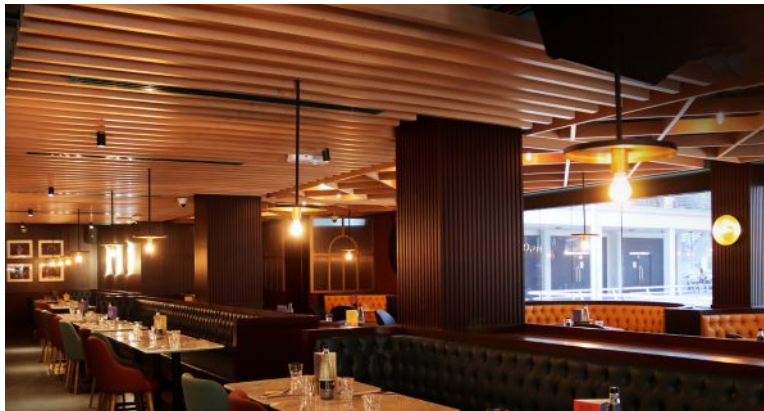

PIZZA EXPRESS LIVE

JLT, Dubai

Hospitality Interior Design & Fit-Out

Pizza Express Live was designed as a vibrant hospitality destination blending industrial textures with contemporary warmth. Ambient lighting, custom seating, layered finishes, and seamless circulation create an energetic yet welcoming dining atmosphere. Every detail was carefully developed to support functionality, customer engagement, and live entertainment while reflecting the lively identity of the brand.

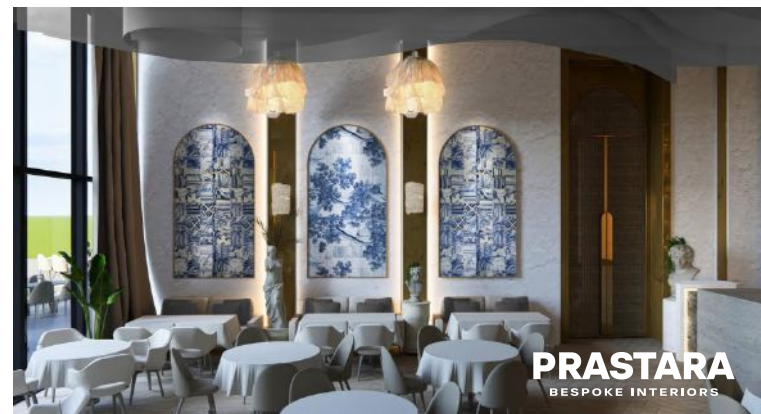

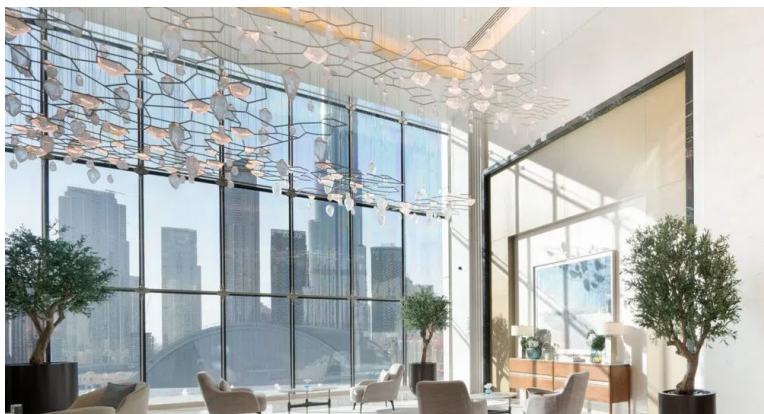

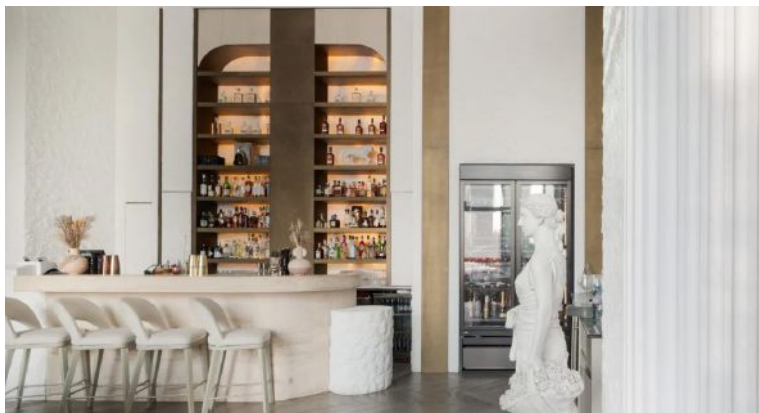

POLI RESTAURANT

Down Town, Dubai
Hospitality Interior & Dining Experience

POLI was envisioned as a contemporary dining environment shaped by refined materials, ambient lighting, and elegant spatial planning. Layered textures and curated finishes create a sophisticated yet intimate atmosphere designed for comfort and guest interaction. The final interior delivers a cohesive hospitality experience with strong visual character and modern refinement.

PLUSHTAN

WTC Mall, Abu Dhabi
Retail Interior & Joinery Works

The Plushtan retail interior reflects a refined contemporary identity through premium finishes, precision crafted joinery, and clean display integration. Spatial clarity and material consistency enhance product visibility while maintaining a balanced customer experience. The project combines craftsmanship, functionality, and modern retail aesthetics within a cohesive and visually sophisticated environment

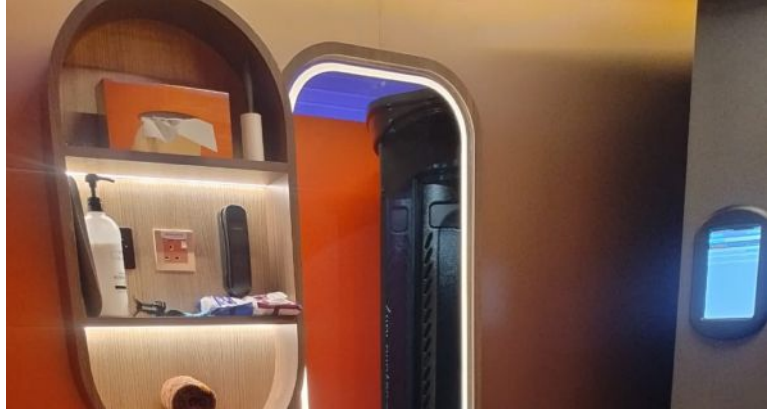

PLUSHTAN

The Galleria Al Maryah Island
Retail Interior & Joinery Works

The Plushtan retail interior embodies a refined contemporary identity through premium material finishes, precision-crafted joinery, and seamlessly integrated display systems. Designed to enhance product visibility and customer engagement, the space maintains a strong sense of spatial clarity and material harmony. The project brings together craftsmanship, functionality, and modern retail aesthetics to create a cohesive, sophisticated, and immersive shopping environment.

DHE PUTTU

Safari Mall, Sharjah
Hospitality Interior Design & Fit-Out

A culturally inspired restaurant interior designed to blend traditional culinary identity with contemporary hospitality aesthetics. Warm materials, layered textures, and ambient lighting create a welcoming dining atmosphere focused on comfort and authenticity. Functional spatial planning supports efficient operations while maintaining an immersive environment that reflects cultural richness and modern hospitality experience.

VIPRA

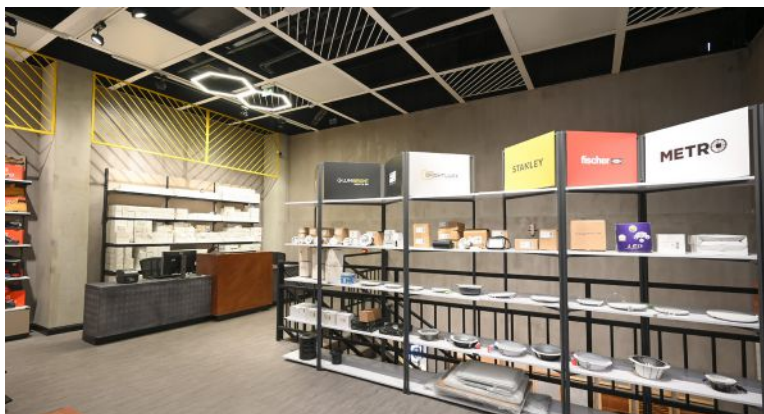

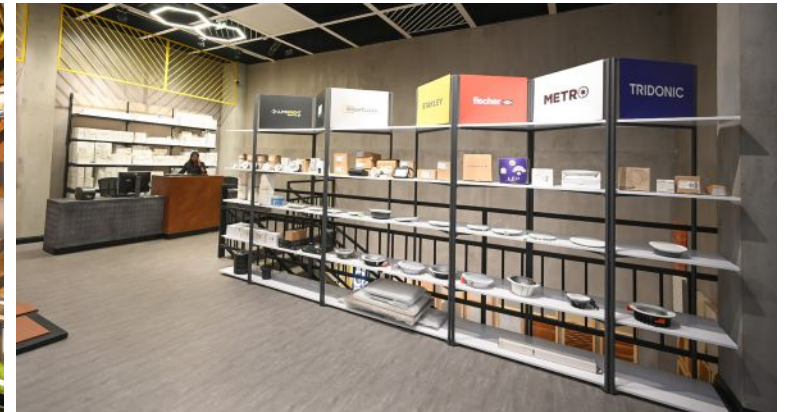

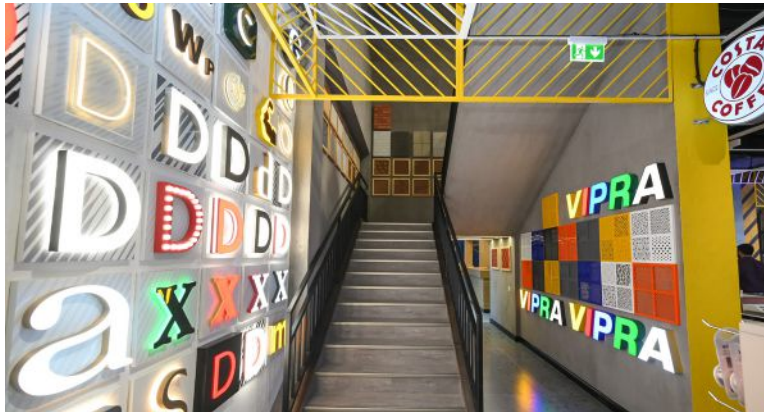

SUPER STORE

VIPRA SUPER STORE

Al Quoz, Dubai
Retail Store Interior

A large scale retail transformation focused on improving customer circulation, product accessibility, and operational performance. Clearly defined retail zones, modern display systems, and durable finishes create a more organized shopping environment. Carefully integrated lighting enhances visibility and customer engagement while maintaining a clean and contemporary retail identity throughout the store.

PLAYZO

Madina Mall Muhaisnah, Dubai
Interior Design & Fit-out

A vibrant family entertainment environment designed to encourage interaction, exploration, and immersive play experiences. Dynamic activity zones, playful visual elements, and safety focused planning create an engaging atmosphere suitable for all age groups. Clear circulation and layered lighting enhance visibility and functionality, resulting in a lively destination centered around family engagement and activity.

GENZ TRENDS LADIES SALOON

Silicon Central , Dubai
Interior Design & Fit-Out

A bold and youthful salon environment designed to reflect contemporary beauty culture through vibrant spatial composition and expressive material contrasts. Functional zoning ensures smooth workflow and client comfort, while dynamic lighting and modern finishes create an energetic atmosphere. The result is a stylish salon experience aligned with current lifestyle and fashion trends.

PRASTARA
BESPOKE INTERIORS

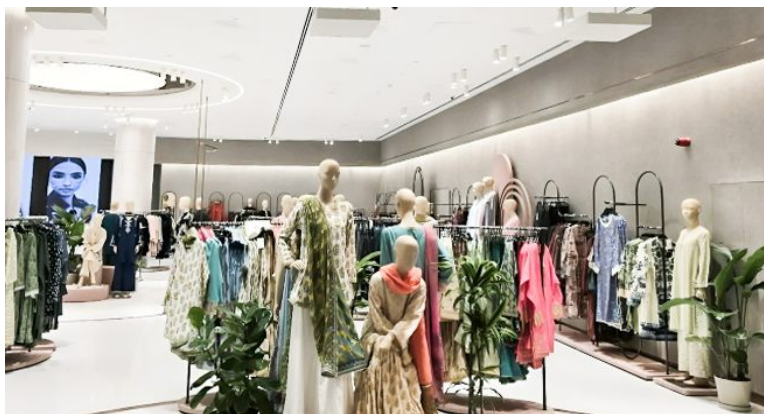

KHAADI

Mirdif city center, Dubai
Joinery Work

A culturally inspired retail environment that blends traditional textile identity with contemporary retail aesthetics. Warm materials, organized display systems, and balanced lighting create a refined shopping experience focused on product visibility and customer comfort. The space encourages seamless circulation while reinforcing the brand's heritage through subtle detailing and elegant spatial composition.

BEEFURB

Burjuman Mall, Dubai
Fit-out Work

A complete retail fit-out for a smart digital electronics destination designed to deliver a fresh, high energy shopping experience. Clean display systems, warm timber accents, and dynamic lighting work together to create a space that feels open, navigable, and brand-forward.

Every element was executed to maximise product visibility and customer engagement from the moment of entry.

AL FUTTAIM

Fujairah

Interior Design & Fit-out

A structured commercial environment designed to reflect operational clarity, professional identity, and functional efficiency. Clean architectural lines, organized spatial planning, and minimal material palettes create a balanced corporate atmosphere. Integrated lighting and disciplined detailing reinforce visual consistency while supporting smooth circulation and practical usability throughout the commercial environment.
